

Hello everybody,

I want to thank the committee of the Labrador Retriever Club of Potomac for their invitation.

A special thank to Diane & Chuck for their help, to Krista & Tim for our day spending in Washington and of course to Margaret and Jim who take so well care of us during the week we had to stay more,

Thanks to my co- judges for their nice company.

A very big thanks to all the owners & breeders for showing me such a high quality of Lab's, thousand thanks for giving me this super time.

My critiques can be redundant but I hope that you will feel the happiness I had to go over this high quality of dogs.
